July 15, 2006.

Dear KMC alumni,

Greetings. It is a pleasure to report that Kurnool Medical College will be 50 years old and will be celebrating its Golden Jubilee on January 19th to 21st, 2007. The institution proudly represents about 5,000 of its graduates spread all over the globe. We, products of KMC, have excelled in our chosen fields, competing with the best and the brightest. We owe a deep debt of gratitude to our alma mater which made us what we are today – successful professionals and respected citizens.

To celebrate the occasion and as a token of our gratitude, the KMC Old Students Association has decided to construct an on-campus Golden Jubilee Learning Center that includes a computer work place. The estimated cost is about 2.5 crore Rupees. The organizing committee at Kurnool is working hard to raise funds towards this goal. Fortunately, most of us are blessed with resources to help for this worthy cause. We, from United States, would like to raise at least \$100,000 and request all of you to send your donations and grace the occasion with your presence. KMC-ANA is a registered not-for-profit organization in the USA and your donations are tax-deductible. Please find attached the preliminary program and please visit our web site, kmcana.org, for further information. The Web site will be updated frequently to keep you informed about the latest developments.

In the immortal words of Mahatma Gandhi, “Strength does not come from physical capacity. It comes from an indomitable will and collective effort.” All of us together can make this project a virtual reality and we could all be proud of our accomplishment.

Fondly hoping to see all of you and your families at the KMC Golden Jubilee Celebrations.

With best wishes.

Sadasiv T.Reddy, MD
President
